

TOOLS FOR GOOD GOVERNANCE OF LOCAL AUTHORITIES AND PUBLIC SECTOR INNOVATION

16 July 2021 - 9.30am to 11.30am
Online session – Registration via [form](#)

DIPLOCAT and the Secretariat for Open Government of the Ministry for Foreign Action and Open Government conclude with this session the series on good governance of local authorities, which has emphasized on both local and international perspectives.

Aimed especially at local government elected officials and technicians, the session will tackle the tools that the Council of Europe and the OECD make available to local authorities for innovation and transformation of the public sector, as well as the improvement of democratic participation and good governance.

In this session, we will also learn first-hand about the experience of different local administrations in the use of some of the tools that will be presented.
